

DigiComp Update – September 2016

The Request For Proposal (RFP) to build the Division's new web-based system closed on August 24, 2016. On September 19 and 20, the DigiComp team members will be interviewing several vendors that responded to the RFP by submitting a Technical Proposal.

Coming in October, staff will have the opportunity to propose names for the new system. This process will be similar to the method used to select the name DigiComp for the planning phase. More information will be released next month; however, now is a good time to start thinking of possible names.

The DigiComp Communications Team will continue to provide monthly updates of the status of the project and details regarding the new system.

We welcome any questions or input, which can be sent to digicomp@dol.ks.gov.
