ORDER

The Public Employee Relations Board was established to assist in the resolution of various types of disputes between public employers and public employees. A unit clarification and/or amendment petition is the vehicle through which disputes over the scope of an existing bargaining unit may be brought before the Board.

It is obvious from the few pieces of correspondence received from the International Association of Fire Fighters Local 179 that at one time the local opposed the amendment sought by the city. The Board, however, seeks factual information upon which decisions may be based. In this case the local refused to cooperate with the Board even in the scheduling of a hearing at which facts could be presented. The Board is left, therefore, with the petition of the City, no substantive

information from the local which would show the amendment sought to be inappropriate, and a complete lack of cooperation on the part of the local in seeking a resolution to this matter.

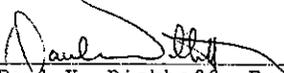

Based on all the foregoing, it is the order of the Public Employee Relations Board that the amendment sought by the City of Hutchinson be granted thereby removing the Fire Drill Captains from the scope of the bargaining unit represented by the International Association of Fire Fighters Local 179.

Based on the foregoing, the appropriate bargaining unit in the City of Hutchinson, Kansas shall be comprised in the following manner:

INCLUDE: Firefighter
Fire Driver
Fire Captain
Fire Prevention Inspector
Fire Plans Examiner

EXCLUDE: Fire Chief
Assistant Fire Chief
Fire Drill Captain
Fire Marshal
Fire Mechanic
Fire Drill Instructor

It is so ordered this 22nd day of February, 1988,
by Public Employee Relations Board.

Paul K. Dickhoff, Executive Director
For the Public Employee Relations
Board
