## KDOL Provides Enhanced Access to UI Data for Kansans

**TOPEKA, Kan.** – The Kansas Department of Labor (KDOL) Labor Market Information Services (LMIS) division has created the Unemployment Insurance (UI) Data and Information page to provide access to unemployment insurance information and links to KDOL's interactive data visualizations.

This page includes:

- **UI Weekly Review** – A summary of unemployment claim information which includes Initial and Continued Claims, a breakdown of claims by job categories and a list of initial claims by county
- **Local Area Claims Analysis** – Unemployment claims by industry for each of the five Local Areas in Kansas
- **Unemployment Insurance Tax Data** – A portrait of what the data would be for calculating the Unemployment Insurance Tax rate for an entire industry or sector in Kansas.
- **Characteristics of Unemployment Claimants** – A quarterly visualization showing characteristics of individuals filing initial unemployment claims, broken down by sex, industry, age, race and education
- **Trust Fund Balance**
- **Benefits Paid**
- **Number of People Who Received Benefits**
- **Average Weekly Benefit**

You can access the UI Data and Information page at <https://klic.dol.ks.gov/gsipub/index.asp?docid=731>. More information is provided by LMIS on their Kansas Labor Information Center (KLIC) site at <https://klic.dol.ks.gov/vosnet/Default.aspx>

KLIC is a powerful job search, career assessment and labor market information system. KLIC was specifically designed for job seekers, students, employers, training providers, workforce professionals and others seeking to explore local labor markets in Kansas. Whether you are planning your career or your next business expansion in Kansas, KLIC has information you can use.
