Below is a list of individuals that have performed inspections on Kansas Amusement Rides. This is not an all-inclusive list of individuals that are qualified to perform inspections in Kansas. Anyone who meets the requirements of K.S.A. 44-1601 (m), as amended, can perform amusement ride inspection in Kansas.

Please be aware that many inspectors only inspect certain types of rides and/or their credentials to inspect rides may have expired. It is up to the entity having rides inspected to ask the inspector for current proof the inspector's current qualified inspector status.

A qualified inspector should provide a Qualified Inspector Status Report (form K-ISH 518) to the entity whose rides are being inspected. A copy of this form can be found on the amusement ride portion of the KDOL website at: <https://www.dol.ks.gov/documents/20121/81965/k-ish-518-%287-18%29-qualified-inspector-status-report.pdf/3a7432b0-f6b2-d7e1-bb7d-70d629a64752?t=1616696752330>

To provide a Qualified Inspector Status report to KDOL, email it to the email address in the upper right hand corner of this form.

If you are a qualified inspector and would like your name added to or removed from this list, or if your information needs edited, please call the Kansas Department of Labor, Amusement Ride Program at 785-291-6034.

*All inspectors listed have inspected rides that operate(d) in Kansas.

****If you need to only have INFLATABLE DEVICES inspected, also see page 3 for additional inspectors.**
